In the midst of the current Coronavirus Disease 2019 (COVID-19) pandemic, the Office of Community Revitalization (OCR) has taken every precaution to limit residents' exposure to the virus by canceling the Glades Technical Advisory Committee (GTAC) meetings until it is safe to attend.

According to the CDC, the virus is thought to spread mainly from person-to-person. The best way to reduce the risk of becoming ill is to limit being exposed to the virus.

OCR recognizes that keeping residents informed and connected is critically important during challenging times such as this one, and canceling these meetings will ensure that we are taking every step to maintain the health and safety of our residents.

The COVID-19 pandemic is an emerging and evolving virus, and the OCR urges everyone to follow the Governor's Executive Orders and refer to the Centers for Disease Control and Prevention for additional information. For any local updates, please visit http://discover.pbcgov.org/coronavirus.
