

Online Seminar: Finding Your Resilience in Times of Change - 07/23/2020 - C0224

Resilience in your personal and business life is essential right now. Small business owners are disproportionately impacted by the ups and downs caused by the COVID virus. Resiliency is how quickly and smoothly one can get through a difficult time, situation, or event.

How prepared are you for this crisis and the next one that's just over the horizon? In this session, we'll talk about how to build personal resiliency everyday so it's available when needed one small step at a time.

Free of charge.
