

*Calling all Palm Beach County youth and young adults, ages 10-22! The **Birth to 22: United for Brighter Futures** alliance wants to hear from you!*

Youth and young adults, ages 10-22, are invited to complete the Birth to 22 Youth Survey at this link: <https://www.surveymonkey.com/r/3T7ZJ9X>.

Or via this QR code:

The deadline for completion is **November 27, 2023**.

What is Birth to 22?

Birth to 22: United for Brighter Futures (Birth to 22) is an alliance of Palm Beach County community partners who support the healthy growth, development and education of our children and youth prenatally through young adulthood, so that they can graduate from high school and succeed in life.

What will we do with the survey results?

Birth to 22 is working to update the Youth Master Plan. This plan will use input from community conversations, the Youth Survey, action teams and workgroups to identify needs and ways to address them in Palm Beach County. We need feedback from youth and young adults to identify the gaps and challenges within our community and create a new plan for services and support.
