

Tech Offer: Computer Monitors Available

Plastridge Insurance has generously offered to donate computer monitors to a non-profit in need. They currently have 50+ monitors, most being 15" to 16" and either Dell or Acer brand that just a few years old. They are spread between three of their locations, Boca, Delray Beach, and Palm Beach Gardens, and the non-profit would need to plan for pick up.

If you are interested in all or a few, please contact **Nina Shepard** for more details. Office phone is #561-276-5221
