

STUDY PARTICIPANTS NEEDED: **Understanding Chronic Kidney Disease Management in Lake Okeechobee's Communities**

About this Study:

Are you or someone you care for living with kidney disease? We want to hear your story! We are conducting a research study to better understand the community experience of kidney care access.

INCENTIVE: You will receive \$40 for completing a group interview.

Participation Eligibility:

- Individuals with kidney disease and family members or friends caring for someone with kidney disease. Participants must be 18 or older and will need to commit two hours to the study.

Benefits of Participation:

- You are interested in kidney care access and want to contribute insights from your experiences to a discussion on the topic.
- You would like your experiences of managing your own or a loved one's chronic kidney disease to be considered and included.

How to Participate:

- *Focus groups will be held in the Glades area. Please contact us to confirm attendance.*
 - *Focus Group 1: Location A at date X and time Y*
 - *Focus Group 2: Location B at date X and time Y*

Contact Information:

Cell Phone: (561)-907-0688 or Office Phone: (561) 297-2074
