

Family Nurse Consultant- No Weekends, Nights or Holidays!

About You: You are an experienced Licensed Practical Nurse who wants to make a difference in the lives of those facing Alzheimer's disease or related neurocognitive disorders. You have home health and/or case management experience. You are comfortable working independently; you are flexible and creative. You enjoy sharing your knowledge and you are a great problem solver.

About the Job: Alzheimer's Community Care has a unique position, Family Nurse Consultant, where you are supporting the caregivers and providing a safety net for patients out in the community. This position is similar to a clinical case manager/care manager where you identify services & resources for the caregiver to successfully keep families together in their homes during the entire course of the disease. This is a full-time position in an administrative office (Pahokee), Monday through Friday 7:30am to 4:30pm (1hr unpaid lunch). This position also involves initial and annual home visits to complete a psycho-social evaluation.

You will be successful in this role if you possess these Key Qualifications:

- Unrestricted Florida Licensed Practical Nurse
- Minimum 5 years nursing experience, with at least 2 years home health or related clinical experience
- Ability to build and sustain successful, professional relationships with patients, caregivers, coworkers and community partners
- Top notch organizational & time management skills, enhanced by strong attention to detail and high-quality work;
- Ability to work as part of a team or independently as needed in addition to accepting and applying critiques and/or feedback;
- Strong written and oral communication skills combined with a positive attitude; and public speaking

About us: Alzheimer's Community Care offers a competitive salary and benefits (holidays, paid-time-off, medical/dental/vision/AD&D insurance, 401(k) Retirement with match). You can go to the career section of our website for the complete job description. (www.alzcare.org)

Make history by being a part of ours. Alzheimer's Community Care was founded in 1996 by a group of local residents concerned about the growing number of people affected by Alzheimer's disease and related neurocognitive disorders. They were determined that all funds raised would be used locally to provide community-based services, and that both caregivers and patients would receive the highest quality, specialized care delivered with dignity and compassion. Today, as the largest provider of community-based, dementia-specific services in Florida, we invite you to become a part of our history in serving others in the community.
