**Learn:**

From workshops focused on disaster and recovery, unlocking your leadership potential and organizing for community safety – attending the Florida CLI will give you a chance to expand your knowledge base, grow practical skills and learn more from both your peers and experts in the field to bring back to your communities.

**Network:**

We are expecting nonprofit organizations, bankers, residents, civic leaders, NeighborWorks America Representatives and many others from all areas of the state and all walks of life. Additionally, we will provide you with the tools you need to network smarter – custom business cards and a chance to have your headshots taken for free.

**Be Inspired:**

Community Leadership has its challenges but with those challenges come rewards. At the Florida CLI, you will hear stories about strong, sustainable and successful community initiatives and hopefully, be inspired to try the same where you live.
