

New COVID-19 Testing Site in Boynton Beach; Belle Glade Sites Also Offer Testing

A drive-through COVID-19 testing site will be opened at Caloosa Park, 1300 S.W. 35th Avenue, Boynton Beach, 33426. Enter the site from Congress Avenue, south of Woolbright Road. Testing will start Monday, January 3 and the hours of operation will be 9 A.M. to 5 P.M., 7 days a week until further notice. Testing is free but where available insurance or Medicare/Medicaid programs will be billed to help cover the costs of testing. Please bring your insurance card to the testing center.

This is the ninth public testing site in Palm Beach County to open in addition to FAU Tech Runway, South County Civic Center, Mid County Senior Center, Gaines Park, Wells Community Center, Palm Beach Gardens Library, Department of Health - Belle Glade, and Health Care District Site at Lakeside Hospital.

Palm Beach County would like to remind the public that there are many options available for residents to get testing. Besides the more than 160 locations found on our [website, www.pbcgov.com](http://www.pbcgov.com), most commercial pharmacies and physician's offices are able to do COVID testing for little or no cost. In addition to providing testing, many of these locations also offer vaccines. Please do not go to Palm Beach County hospital emergency rooms for COVID testing.

For more info on COVID-19, visit the Palm Beach County [COVID-19 website](#) or contact the Department of Health COVID-19 Call Center, available 24/7, at 1(866) 779-6121 or email: COVID-19@flhealth.gov.
