

We are now collecting information about the services and programs you provide to middle and high school age youth in our community. Our goal is to create an up-to-date asset map with the many resources our incredible partners offer students and families all over the county.

**Please take a moment and [complete this survey](#) by November 20th, so that we may count your organization among our partners and better inform the community of your services offered.**

Thank you in advance for your time and work on behalf of our youth.

Sincerely,

**The Middle and High School Advising Strategy Team**
