

South Florida Region Training Forum

Mass Care and Logistics

**Saturday, March 3
8:30 am - 5:00 pm
First Baptist Church
17 NW Ave B, Belle Glade, FL 33430**

Calling all current and aspiring Mass Care and Logistics Workforce!

We invite you to participate in an upcoming Training Forum especially for you. Disaster Cycle Services will be hosting a series of courses, including National Updates in an effort to strengthen our growing team. This past Hurricane Season was unexpected and triggered a need. There is no better time than the present to prepare ourselves with the knowledge and skills needed for the provision of quality service delivery during times of disaster. Let's give some time to our awesome instructors, network with colleagues from across the Region and partake in lunch, snacks and raffle prizes.

Contact your local Disaster Program Manager/Specialist for more information to register.
