Palm Beach County OEBO Renamed Office of Small Business Development

The Palm Beach County Office of Equal Business Opportunity (OEBO) is proud to announce its official name change to the Office of Small Business Development, effective immediately. This transition marks a strategic alignment with the Palm Beach County Housing and Economic Development Department, under which the Office will now operate.

While the name and departmental structure have evolved, the Office's mission remains unchanged: to promote the growth, development, and success of small businesses throughout Palm Beach County. The Office will continue to provide resources, guidance, and advocacy for local entrepreneurs, with a strong focus on access, growth, and economic empowerment.

"This change reflects our commitment to better serve the small business community while maintaining the core values and services that have defined OEBO," said Axel Miranda, the new Division Director of the Office of Small Business Development. "We remain dedicated to fostering opportunity and supporting the diverse entrepreneurs who drive Palm Beach County's economy."
