

Digital Inclusion Initiative Newsletter, November 2020

We are so very thankful for the local support of our Digital Inclusion Initiative and our efforts to grant all students, regardless of zip code, access to reliable internet access in their homes. The Initiative is a partnership between local municipalities, Palm Beach County, The Education Foundation of PBC, public and private funders and The School District of Palm Beach County. This collaboration is creating a WiFi mesh network to connect more than 25,000 students to high-speed internet.

To learn more, please view our inaugural edition of the [Digital Inclusion Initiative Newsletter here](#)
