

Webinar: Creating a Quick Business Plan in 3 Hours - 4/06/2020

Dear The Glades,

Coming soon - Register now!

You have a great business idea, but what's the next step in starting the business? Join other entrepreneurs in this hands-on webinar in which you will first write your "Unique Value Statement" that concisely describes your product or service and its value. Then using the "Lean Canvas," write a draft one-page business plan - all in three hours!

The goal of this workshop is for all participants to leave with a draft of their "Unique Value Statement" and "Lean Canvas."

This is a core webinar in our Essentials of Starting a Business curriculum. See <https://midflorida.score.org/resource/essentials-starting-business-core-curriculum>
