

SailFuture Seeks to Partner With Local Nonprofits

SailFuture is a specialized sailing programs for teenage foster youth in Florida. Boys in the program spend three months living on a 65' sailboat and tour the state participating in volunteer projects, educational programming, and business tours.

We'll be traveling to West Palm Beach from Dec. 6th - 11th. We are looking to coordinate with non-profits and other organizations to organize a multi-day project our boys can help lead. We have four boys, accompanied by 2-3 staff.

Feel free to learn more about us here: <http://sailfuture.org>. Or see the type of work we've been doing here: <http://facebook.com/sailfuture>

Thank you for your consideration. Here's my cell to get in touch, (941) 685-0958.

Best,
Hunter Thompson
