

From Trauma to HOPE

Hello The Glades,

Be among the first to explore a meaningful conversation about HOPE. Join us for an exclusive introduction to the **HOPE Framework**—a transformative approach that underscores the importance of Positive Childhood Experiences (PCEs) in nurturing resilience and lifelong well-being.

Under the leadership of our CEO, Renée Layman, a certified HOPE Champion through Tufts Medical Center, CFCC is pioneering the integration of the HOPE Framework in our community. By bringing this transformative approach to Palm Beach County, we are enhancing our work and empowering partners with trauma-informed strategies to support children and families.

During this presentation, we will explore:

- The science behind the HOPE Framework and its impact on child development
- How to implement HOPE-centered practices in healthcare, education, and social services
- Opportunities to contribute, from advocacy and education to direct support for children in need

From Trauma to HOPE

Date: April 23, 2025

Time: 5:30 PM – 7:30 PM

RSVP below to secure your spot.

Promoting HOPE

The Circle of Giving

At the heart of our work is HOPE, or Healthy Outcomes from Positive Experiences. Promoting HOPE involves fostering healthy relationships through Positive Childhood Experiences (PCEs), which help counteract Adverse Childhood Experiences (ACEs) and trauma.

Whether you're looking to build trauma-informed skills, advocate for those impacted by trauma, support innovative initiatives like CFCC's Data Dashboard, or contribute financially to our emergency fund or programs, there's a place for you in the Circle of Giving.
