Catholic Charities Diocese of Palm Beach offers the following programs and services at the St. Mary's Center located in Pahokee:

Outreach

The Hunger & Outreach Program provides emergency services that assist individuals and families to attain economic stability and self-sufficiency through the provision of support services and appropriate referrals, when necessary. Emergency support services include provisions of food, clothing, and when available, assistance with rent and utility payments for those facing short term situational crisis. This program assists with benefits enrollment for food stamps and Medicaid. Please call for an appointment. Our food pantry is open Monday – Friday, 9:00a.m. – 4:00p.m. (please call at least 10 minutes before coming). Clients are now allowed inside the building for pick-up or they can request the bag to be left outside in a cart if they are not feeling well. Our clothing closet is open Monday-Friday from 9am to 4pm.

Counseling

The Counseling Program provides professional counseling to adults, children, families, couples and groups. A Catholic Charities therapist can address issues such as marital/relationship discord, child and family dynamics, depression, anxiety, divorce, and grief and loss. Counseling is by appointment on Tuesdays, Thursdays, and Fridays. Currently, our services are only provided by contacting 1.844.848.6777-- onsite services have not resumed since the pandemic and there is no set date as to when services will resume.

Immigration Legal Services

This program provides services to foreign-born individuals in need of immigration assistance. Our goal is to provide services to those who are unable to access assistance in the private sector because of limitations. There is a nominal fee for service. Please call in advance for an appointment. Services are offered on the third Wednesday of the month. Currently, our services are only provided by contacting 561.345.2003 --onsite services have not resumed since the pandemic and there is no set date as to when services will resume.

Birthline/Lifeline Pregnancy Care Centers

Women coping with an unplanned pregnancy can access compassionate counseling regarding adoption and alternatives to pregnancy terminations. Ultrasounds are provided on-site. Clients are provided with contact information and necessary documentation for Medicaid and other available services within the county and/or Catholic Charities. The services offered are free of charge to all clients who meet basic criteria. Services are on the third Thursday of the month. Walk-ins are welcomed. Baby items and maternity clothes are also provided (when items are available). Our 24-Hour Hotline: 561.278.0880. Currently, our services are only provided by contacting 561.842.530--onsite services have not resumed since the pandemic and there is no set date as to when services will resume.

Angel Food Program

Food can be provided to children (5-12yrs) for the weekends with program enrollment. Food is given out on Fridays from 9:00a.m. – 4:00p.m.

Services:

Healthy Families - 'Promoting positive parent-child relationships': Healthy Families Florida is a nationally accredited home visiting program for expectant parents and parents of newborns experiencing stressful life situations. The program improves childhood outcomes and increases family self-sufficiency by empowering parents through education and community support. Parents voluntarily participate in Healthy Families so they can learn how to recognize and respond to their babies' changing developmental needs, use positive discipline techniques, cope with the day-to-day stress of parenting in healthy ways, and set and achieve short- and long-term goals.

Targeted Outreach for Pregnant Women (TOPWA): TOPWA is an innovative outreach program that strives to encourage high risk pregnant women to be tested for HIV and actively links pregnant women to medical care, case management and other needed services. TOPWA also educates women about the benefits of prenatal care to ultimately lower the number of babies born with prenatal drug exposure and HIV infection. Services include Free HIV and pregnancy testing referrals to community resources, SOBRA Medicaid for prenatal care, WIC for nutritional needs and direct linkage into the Healthy Beginnings System for care coordination of parenting needs.

Behavioral Health Services: Families First is pleased to be able to provide quality Behavioral Health services to children and families in the Western Communities of Palm Beach County (Belle Glade, South Bay and Pahokee). We provide Behavioral Health services to the following populations:

- Children and teens, aged 6-18, and young adults who are enrolled in high school.
- Individual and Family therapy can be provided in the school setting or in the child's home.
- The goal of our work is to empower youth and strengthen families. We do this by utilizing the following modalities: Trauma Informed Care and Trauma Informed Cognitive Behavioral Therapy, Solution Focused Therapy, Psychoeducation and Case Management. We also use play strategies in our clinical work when appropriate. All of our services are provided in the home and our hours of operation are flexible to accommodate children in school and after-care programs and working families.

Bridges to Success: Provides permanent, supportive housing for families that are affected by HIV, chronic mental illness and/ or a substance abuse that impacts their ability to be self-sufficient. Comprehensive social work services are provided to secure appropriate linkages with mainstream and community-based providers that support the self-efficacy in families. Assessments and eligibility through this program is the Lewis Center.

Go Glades: Get around the Glades easy and affordably: \$2.00 one-way-ride, 7 days. Service: Weekdays: 5:00 a.m. – 9:00 p.m., Saturdays: 7:00 a.m. – 9:00 p.m., & Sundays: 8:00 a.m. – 8:00 p.m. Go online, open the app or call 561.649.9838 to book your trip.

Palm Tran Connection: The Americans with Disabilities Act (ADA) Program is transportation that is provided within 3/4 of a mile of a Palm Tran bus route during the same hours and days as Palm Tran fixed-route bus service. To become eligible for ADA service, an individual must have a disability which prevents them from riding the fixed-route bus. An individual must first complete an ADA application to be eligible for service. The fare is \$3.50 per one-way trip.

The Transportation Disadvantaged (TD) Program is sponsored by the State of Florida's Transportation Disadvantaged Trust Fund. Service is provided anywhere in Palm Beach County during the same hours and days as Palm Tran's fixed-route bus service. To become eligible for the TD service, the applicant must submit proof of income, or a physician completed medical verification form and their completed application. Eligible customers who may qualify for a discounted Transportation Disadvantaged case include those individuals who are unable to transport themselves, unable to purchase transportation and/or are dependent on others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities due to their physical or mental disability, income status, or age. Children with disabilities or at high-risk, as defined in s. 411.202, also qualify for the TD Program.

The Division of Senior Services (DOSS) Program: The Palm Beach County Board of County Commissioners, the Area Agency on Aging and the Florida Department of Elder Affairs fund the Division of Senior Services (DOSS) Program, for individuals who are age 60 or older, per the eligibility guidelines established by the Older Americans Act (OAA). Service is available Monday through Friday from 8 am to 5 pm, excluding major holidays.

There is no fare requirement for those traveling to the senior center during pre-assigned appointment times.

General Services: The work of the Glades Initiative serves both residents and service providers in the Glades community. We work directly with residents, while continuing to maintain a systemic approach--including the need for better communication and collaboration among health and human providers. We accomplish our mission by investigating service delivery barriers, developing strategies to overcome those obstacles, implementing effective strategies, and advocating on behalf of the community. The Glades Initiative services increase communication, coordination, collaboration, and connection to services. The goal of our work is to increase access to services, increase access to information, reduce the barriers to health and human services, impact more effective service provision, and increase services to residents, resulting in a healthier more productive community.

Programs of The Glades Initiative include:

Community Resource Educators – Our navigators assist more than 3,000 residents to access food and health benefits each year. We are an ACCESS community partner and provide help with applications for SNAP (food stamps) and Medicaid/Medicare among other DCF services.

CHOICE Food Pantry- Residents in need can receive food once a week. Currently, our food distribution is on Tuesdays and Wednesdays, with deliveries on Thursdays. See website for most current information.

Glades Area Food Bank – Our food bank distributes healthy food to 6 partner agencies throughout Belle Glade, South Bay, and Pahokee.

Senior Support Program – We assist seniors in the community to access to services--allowing them to live independently and age with dignity in their homes.

Women's Health Program- Helps women navigate access to medical services like mammograms and pap smears.

Glades Community Updates – A weekly email newsletter keeping more than 2,000 subscribers informed about Glades events, provider programs and resources.

Glades Area Resource Guide – A comprehensive, up to date, listing of over 175 service providers in the Glades area.

Trainings – Trainings offered by The Glades Initiative teaching residents: how to shop for, and cook, healthy meals on a budget (**Cooking Matters Nutrition Program**; teaching clients fundamental banking concepts to avoid predatory financial practices (**Financial Literacy**).

Background Screening – We offer Level II (federal and state) background screening services to organizations in the Glades that have this requirement of their employees working with vulnerable populations.

Services: Selected by the Children's Services Council of Palm Beach County, HomeSafe is the exclusive Entry Agency for children from birth through five years of age and their families to the Healthy Beginnings System of Care in Palm Beach County. Through the Entry Agency 0-5, our team screens and assesses children for developmental concerns and social-emotional/behavioral matters, and signs of depression for children and both of their parents--including postpartum depression for newly delivered mothers.

Once a concern is identified, HomeSafe refers all at-risk families to appropriate services, either within the agency or externally.

Through specialized screenings and assessments, HomeSafe caseworkers determine if children are developing and learning at the same rate as other children of the same age. Children are typically evaluated in the comfort of their homes and, based on results of assessments, are referred to a network of free Healthy Beginnings services. The Healthy Beginnings network providers offer a large array of services including, but not limited to: counseling, mentoring, family bonding, child social and behavioral development and effective parenting skills.

The staff at HomeSafe also have the ability to meet with families throughout Palm Beach County with their mobile outreach office. This mobile office is a van that is equipped with all the tools needed to screen and assess a child from 3 months old to the age of 5, for free. The mobile office is also frequently taken to community events throughout the county, where children may also be screened.

Goals of Our Child Development Program:

- Educate families about the importance of child development.
- Help parents monitor their children's growth by providing free screenings and assessments.
- Assist families with small children to build a healthy future--enabling them to be ready to learn when they start kindergarten.

HomeSafe Healthy Beginnings Benefits:

- Referrals to services and a large array of network provider services.
- The Healthy Beginnings System is designed to benefit the entire family.
- Opportunities for young children to realize their full potential & develop at a healthy pace.
- All services are free.
- All services are available in English, Spanish and Creole.

Services: Our Mission is to end homelessness in Palm Beach County. We accomplish this through:

1) Advocacy: The Coalition has been a strong leader within the community by recommending policy changes to improve services for the homeless. It also identifies homeless strategies that can produce results and get the message out to the community for prompt rapid action. The Coalition's Policy and Legislative Committee brings issues forward and offers solutions.

2) Education, Community Outreach and Public Awareness: The Coalition provides educational and awareness information to the community from grade school through college, civic and social groups, corporations and businesses. Two of our major programs: Faces of Homelessness Speakers' Bureau – homeless and formerly homeless speakers share their experiences to put a human face on the issue of homelessness. Project Homeless Connect- a one-day, one-stop opportunity for homeless individuals and families to access resources such as free food, clothing, haircuts, health screening and other essentials. These participants can also access vital services provided by dozens of community agencies under one roof.

3) Raising Funds and Resources to Sustain the Ten-Year Plan to End Homelessness: Fundraising and awareness events, volunteer opportunities, and news dissemination all support the goal of sustaining the Ten-Year Plan.

If you are homeless, please call the Senator Philip D. Lewis Center for more information regarding available services to help end your homelessness at 833.442.9455.

Belle Glade, FL 33430

Phone: 561.996.6571

Fax: 561.996.2898

Web: www.hcdpbc.org/for-patients/hospital

Hours: Everyday – 24 hours

Services: 70-bed, acute care facility accredited by The Joint Commission that provides a 24-hour physician-staffed emergency room with access to the Health Care District's Trauma Hawk air ambulance.

Lakeside Medical Center offers:

- Inpatient and outpatient services
- Pediatrics
- General surgery
- Radiology, including:
 - CT
 - MRI/MRA
 - Nuclear medicine
 - Ultrasound
 - Fluoroscopy
 - 3-D Mammography
 - X-Ray
- Respiratory therapy

About Lakeside Medical Center: Lakeside Medical Center serves the residents of the rural agricultural region of western Palm Beach County--bordering Lake Okeechobee. The Health Care District constructed and opened the 70-bed, acute care hospital in 2009--which features all private patient rooms. The hospital's dedicated medical staff has earned high marks for quality care and patient satisfaction compared to public hospitals nationwide. Staff includes both primary care and specialist who provide comprehensive and continuing health care for the individual and family across all ages. In 2022, the Health Care District launched its new ground ambulance program, LifeTrans, that provides Health Care District patients with 24/7 emergency advanced life support (ALS) and basic life support (BLS) transport services--as well as secondary ALS transport services. One of the District's two ambulances is based at Lakeside Medical Center to support the safe and rapid transport of hospital patients needing a higher level of care.

Lakeside Medical Center is proud to be named #1 in the nation as the most racially inclusive hospital, as ranked by the Lown Institute in 2022. Our other national awards include a 2023 and 2020 gold-level AORN Go Clear Award™ for safety in surgery, and an "A" safety grade as a top hospital in the nation for patient safety from Leapfrog's Hospital Safety Grade in the Fall of 2018.

In 2011, the hospital established a rural Family Medicine Residency Program. Lakeside Medical partners and academic and community organizations, including Nova Southeastern University and the Florida Department of Health in Palm Beach County, helped establish this program. In 2023, our Family Medicine Residency Program graduated its eleventh class of Family Medicine Residents. We are Florida's only rural, teaching hospital.

Email: Cindy.Wides@AlpertJFS.org

Services: Mental Health First Aid is an 8-hour course that gives people the skills to help someone who is developing a mental health problem or experiencing a mental health crisis. The evidence behind the program demonstrates that it builds mental health literacy, and helps the public identify, understand, and respond to signs of mental illness.

Just as CPR training helps a person with no clinical training assist an individual following a heart attack, Mental Health First Aid training helps a person assist someone in a health crisis such as contemplating suicide. Our goal is to help support an individual until appropriate, professional help arrives. Mental Health First Aiders learn a single 5-step strategy that includes assessing risk, respectfully listening to and supporting the individual. Participants are introduced to risk factors and warning signs for mental health and substance use problems, engage in experiential activities that build understanding of the impact of illness on individuals and families, and learn about evidence- supported treatment and self-help strategies.

This course is offered in adult focus and youth focus. The course gives people the tools to help friends, family members, colleagues, or others in their community. Please call Cindy Wides, if you would like to attend a training or host a training at your organization. Trainings can be taught in 2, 4-hour training sessions or 1, 8-hour day. Participants will leave with a class manual that is a reference guide for all types of mental illnesses and substance use disorder.

Hours: Monday – Friday: 9:00 a.m. – 5:30 p.m.

Services: The National Alliance for Eating Disorders is the leading national non-profit organization providing education, referrals, and support for all individuals, including their loved ones, who are experiencing eating disorders. We are located in West Palm Beach Florida, which is the base for our Psychological Services program that provides therapy services and local in-person support group to residents of Palm Beach County.

Psychological Services

Psych Services is our therapy program for 18+ individuals in Palm Beach County and surrounding counties who are uninsured or underinsured. We can provide services on a sliding scale from \$5-\$40 depending on income and dependents.

Referrals

We have a free, clinician-led helpline that can help with support and provide referrals for those seeking specialized care. We also have a directory called FindEDHelp.com where individuals can look for providers themselves, if that is more convenient for them.

Referral Helpline: 1-866-662-1235

www.findEDhelp.com

Education

Our education department does presentations and facilitates National Training Days and Florida Specific Training Days for CE's at a low cost. This allows clinicians and providers to learn more about eating disorders and specific treatment methods.

Support Groups

The Alliance provides free, weekly, clinician-led eating disorder support groups--which allow community members to receive support and connect with others who have walked similar paths. We offer virtual and in-person support groups. Our in-person West Palm Beach support group information is below.

Services: Palm Beach County Division of Human Services serves people who are in financial or other crisis situations. The mission of Human Services is to provide, serve, and educate eligible residents through the case management process, provision of social services, advocacy and community linkage thereby empowering the individual/family to improve their quality of life. A partnership is created between the agency and the individual or family to achieve these objectives.

The Division of Human Services has created numerous programs to serve the community. These programs are funded through county funds, grants, and other funding sources. The programs are categorized as financial assistance and intervention services. We also receive Care to Share funding through Florida Power and Light to assist eligible residents with their FPL bills. Residents must meet certain criteria for eligibility for the different programs. Specific services include rental assistance, utility assistance, utility and rental security deposits when funds are available, food assistance, case management and supportive counseling. A comprehensive intake assessment and eligibility determination is made for each individual or family. The goal of all service plans is to achieve self-sufficiency and/or economic stability. This office can also link individuals and families experiencing homelessness with the Lewis Center for services. Please call us for an appointment at 833-CSD-WILL.

The mission of the OCR is “to strengthen and improve Palm Beach County (PBC) neighborhoods by engaging citizens' participation, enhancing governmental response to community needs and providing

education, technical and financial assistance to help residents plan and implement sustainable neighborhood improvements.”

Services: The OCR facilitates and coordinates community revitalization initiatives within designated residential neighborhoods in unincorporated Palm Beach County. Projects and initiatives are funded through allocations by the Board of County Commissioners and are implemented in partnership with other County departments and outside agencies. Examples of community revitalization projects include: paving, drainage, water improvements, installation of streetlights, speed humps, and sidewalks, construction of neighborhood parks, land acquisition, and feasibility studies. In addition, the OCR works with other departments to review annexations and development proposals for consistency with community revitalization goals.

The OCR offers a wide variety of programs and services to assist residents in effectively accessing and utilizing County services and resources and enabling them to manage community related issues to reverse community decline.

The OCR offers the following programs over the year:

- **Abundant Community Initiative (ACI)** – ACI is a neighborhood engagement and community organizing framework that provides tools for neighbors to get to know and connect with each other at the block level, shape community life according to residents’ vision for their neighborhood, build community identity and pride through shared ownership and responsibility, increase safety and neighborhood wellbeing, and foster an environment of care for one another. The overall goal of the initiative is to help communities become places where people know their neighbors, watch out for each other, and enjoy many opportunities for social, educational and recreational interaction.
- **Back to School PBC!** – Back to School PBC! is an annual event planned, funded and implemented by the Office of Community Revitalization in partnership with County departments, the Palm Beach County Sheriff’s Office, the Spirit of Giving Network, the Children Services Council of Palm Beach County, and a collaboration of several community-based organizations and volunteers. The event provides free backpacks, school supplies, food, a health fair and access to community resources for Palm Beach County students in need from Pre-K through 12th grade from low- or no-income families enrolled in the public or charter school system. Students must reside within designated residential neighborhoods or mobile home parks within unincorporated Palm Beach County.

In addition to the backpacks and school supplies, and depending on the location and resource availability, participating students may also receive haircuts, school uniforms, sneakers, socks, blood tests, biometric health screenings, vision screening, hearing tests and other health-related services to ensure they are ready for the first day of school. The event also provides families with exposure to other community resources to help them on their road to self-sufficiency and improve their children’s success in school.

- **Neighborhood Engagement and Transformation (NEAT) Grants Program** – This program provides funding to neighborhood based groups and/or organizations for projects that improve the quality of life in their communities. The NEAT Grants Program enables residents to develop small collaborative community projects and see their ideas through to completion. Grants may be used for a wide variety of activities and projects, and resident groups are encouraged to think in new ways about what will work in their communities and with whom they might partner. NEAT grants are intended to build the skills and capacity of project leaders to transform their neighborhoods.
- **Neighborhood Street Lighting Program (NSL)** – This program was created to provide funding

for the installation and maintenance of citizen petitioned streetlights at approved locations along County owned and maintained roadways in designated CCRT areas that experience above-average nighttime criminal activity, as well as unsafe pedestrian and vehicular mobility conditions.

- **Neighborhood Speed Hump Program** – This program provides funding for the installation and maintenance of citizen petitioned speed humps at approved locations along County owned and maintained roadways within CCRT areas to improve both vehicular and pedestrian safety.

The OCR also provides or supports the following services for Palm Beach County residents:

- **Link to Local Government** – The OCR serves as the liaison office on behalf of Palm Beach County and OCR staff is often called upon to help schedule meetings with neighborhood groups and organizations, county staff and other governmental entities to seek input on community concerns and determine what assistance can be provided by the County.
- **CCRT and GTAC Coordination** – The OCR facilitates and collaborates with other County Departments on the Countywide Community Revitalization Team (CCRT) and Glades Technical Advisory Committee (GTAC). The CCRT was created to coordinate stabilization/revitalization activities in designated Palm Beach County neighborhoods.
- Regularly scheduled meetings allow County departments and residents to exchange information about what departments are doing, receive input from the residents, prevent duplication, concentrate efforts at the same time, and determine what is working and what is not. The CCRT meets the 3rd Tuesday of every month at the Vista Center, in West Palm Beach, and focuses on eastern Palm Beach County.

GTAC provides a regional perspective and serve in an advisory role in planning efforts affecting the Glades region communities. The OCR is dedicated to increasing the communication and participation with Glades communities, organizations and residents in the Glades on Countywide matters through formal agreements, appointed committees, County programs and other information efforts. GTAC meets the third Thursday of every month rotating locations in Belle Glade, South Bay, Pahokee, and Canal Point.

- **Individual and Community Meetings** – Individual meetings are typically held to address specific community concerns and provide training or guidance to neighborhood leaders on specific subjects. Community meetings are held throughout the County to seek input on specific issues or projects, provide information on County programs, and bring together across-section of viewpoints to exchange ideas and information, identify resources and volunteers, and establish goals and action plans when necessary. These meetings are a great opportunity to undertake a community dialogue on citizen engagement to identify how citizens wish to be involved in shaping community life and how the local government can contribute to meeting citizen aspirations.
- **Speaking Engagements** – The OCR makes presentations to neighborhood groups and civic organizations, schools, and homeowners' associations on a variety of topics, and coordinates with other organizations as needed. These speaking engagements are a great way for residents to learn about the many programs and services offered by the OCR and Palm Beach County.
- **Referral Program** – The OCR provides referrals to government programs and services, receives citizen complaints about neighborhood issues, and coordinates with other County departments and outside organizations to better serve the public. The OCR provides resource referral and facilitates problem-solving for neighborhood-identified issues. The OCR responds to various concerns by

gathering information, examining the issues, and either making referrals or developing options and implementing solutions.

- **Brochures and Handouts** – Brochures and handouts are designed and used to inform residents about OCR's programs, important events, meeting announcements, and volunteer opportunities. Templates are also designed and made available to community groups to use in their outreach initiatives.
- **Website** – The OCR's website is intended to better educate and communicate with citizens. It provides information on OCR programs and services, and a wealth of information and tools to help residents stabilize and revitalize their communities. Through the website, citizens can provide feedback on OCR programs and services, request assistance, register for workshops and sign up for OCR's *Community Connect* publication.

Services: Gang Alternative, Inc. (GA) was incorporated as a 501c3 organization in 2005. GA focuses on community-driven outreach and resource development approaches to address high crime, violence, dependency, and delinquency. It was founded in faith and evolved with the understanding that there is more to ministry work than just teaching “Bible stuff.”

When we talk about “Gang Alternative” we are referring to the “gang mentality” that enslaves individuals and families in our communities, keeping them dependent, delinquent, and destitute, preventing them from being the best that they can be.

GA provides alternatives to change this mindset, operating under five Pillars of Service:

- Positive Youth Development
- Family Strengthening
- Workforce Development
- Community Upliftment and Partnerships
- Health and Wellness

Services: The Palm Beach County Head Start and Early Head is a federally funded program that provides comprehensive child development services to economically disadvantaged children and their families. This program has a special focus on helping preschoolers develop the early reading and math skills they need to be successful in school. There are two components to the program:

- Head Start educates children that are 3 and 4 years old by September 1, and
- Early Head Start serves children from birth to 3 years old and pregnant women.

Head Start/Early Head Start promotes school readiness by enhancing the social and cognitive development of children through the provision of educational, health, nutrition, social, transportation and other services to enrolled children and families. The program engages parents in their children's learning and helps them in making progress toward educational, literacy and employment goals. Significant emphasis is placed on the involvement of parents in the administration of our programs. Children with special needs and their families are targeted by both programs. General Services: The work of the Glades Initiative serves both residents and service providers in the Glades community. We work directly with residents, while continuing to maintain a systemic approach--including the need for better communication and collaboration among health and human providers. Our mission is to improve the coordination and effectiveness of the health and

human service delivery system in the Glades area of Palm Beach County. We accomplish our mission by investigating service delivery barriers, developing strategies to overcome those obstacles, implementing effective strategies, and advocating on behalf of the community. The Glades Initiative services increase communication, coordination, collaboration, and connection to services. The goal of our work is to increase access to services, increase access to information, reduce the barriers to health and human services, impact more effective service provision, and increase services to residents, resulting in a healthier more productive community.

Programs of The Glades Initiative include:

Community Resource Educators – Our navigators assist more than 3,000 residents access food and health benefits each year. We are an ACCESS community partner and provide help with applications for SNAP (food stamps) and Medicaid/Medicare among other DCF services.

CHOICE Food Pantry- Residents in need can receive food once a week. Currently, our food distribution is on Tuesdays and Wednesdays, with deliveries on Thursdays. See website for most current information.

Glades Area Food Bank – Our food bank distributes healthy food to 6 partner agencies throughout Belle Glade, South Bay, and Pahokee.

Senior Support Program – We assist seniors in the community to access to services--allowing them to live independently and age with dignity in their homes.

Women's Health Program- We help women navigate access to medical services like mammograms and pap smears.

Glades Community Updates – A weekly email newsletter keeping more than 2,000 subscribers informed about Glades events, provider programs and resources.

Glades Area Resource Guide – A comprehensive, up to date, listing of over 175 service providers in the Glades area.

Trainings – Trainings offered by The Glades Initiative teaching residents: how to shop for, and cook, healthy meals on a budget (**Cooking Matters Nutrition Program**); teaching clients fundamental banking concepts to avoid predatory financial practices (**Financial Literacy**).

Background Screening – We offer Level II (federal and state) background screening services to organizations in the Glades that have this requirement of their employees working with vulnerable populations.

Planned Approach to Community Health (PATCH)

The Glades P.A.T.C.H. (Planned Approach to Community Health) is a program designed to help the community evaluate, plan, and implement health education and disease prevention programs. P.A.T.C.H. views the health of the community to include the social, emotional and physical well-being of its citizens. P.A.T.C.H. is a partnership of concerned citizens and organizations. This partnership provides a forum for identifying health problems affecting the community and mobilizing the community to plan, conduct, and evaluate intervention activities.

PATCH meetings are open and are held the 3rd Tuesday of each month at 9:00 a.m. at The Glades Initiative office located at 149 SE Ave D, Belle Glade, FL 33430.

Services: Prime Time Palm Beach County is a nonprofit organization whose mission is to help children and youth succeed by strengthening and expanding quality in the out-of-school time (OST) field. It provides resources and support for professionals to develop programs that inspire children to be their best and allow them to thrive socially and academically.

Prime Time's integrated model of services is one of the strongest, most comprehensive and well-respected systems for measuring and improving OST program quality in the nation.

Community Partnerships

In an effort to give Palm Beach County's children and youth access to a wide range of experiences, Prime Time partners with local organizations to offer expanded learning opportunities at no cost to eligible OST providers.

Through Prime Time's networking events, OST professionals are given the opportunity to network with one another, to learn about OST advocacy issues, and to learn information about the field.

Prime Time serves as an advocate for high quality OST programs and hosts an annual *Lights on Afterschool* celebration every October to increase community awareness of the importance of afterschool.

Professional Development

In partnership with Palm Beach State College and other local stakeholders, Prime Time was the first independent nonprofit organization in Florida to develop comprehensive educational pathways for those who seek a career in the OST field. Rooted in experiential learning, Prime Time's educational supports ensure that OST professionals are fully empowered to positively impact the lives of children and youth.

This comprehensive system supports OST professionals in Palm Beach County along a targeted pathway of professional development and training. The system connects education, compensation and retention; it also includes core competencies, credit and non-credit educational tracks, scholarships and other financial incentives, an OST registry, and career advising.

Quality Improvement

The Quality Improvement System (QIS) offers services and supports to participating OST programs to help them achieve and maintain high quality. Prime Time's approach to quality improvement is "hands-on, on-site."

Using the Palm Beach County Quality Standards for Afterschool as the foundation for their work, Prime Time quality advisors guide participating programs through a self-assessment process and the development of an improvement plan. Quality advisors coach afterschool professionals in identifying opportunities and implementing strategies to improve quality for children and youth and encourage the use of other Prime Time and community resources. Most programs in the QIS achieve or maintain a level of quality above the overall target.

Research

Prime Time conducts evaluations of all its services to inform continuous quality improvement efforts and to access funding for additional resources for our county's OST community. Our Research team creates surveys and assessments, collects and analyzes data, and works with external evaluators. Information on best practices and lessons learned are shared locally and nationally in an effort to strengthen the OST field.

About Lakeside Medical Center: Lakeside Medical Center serves the residents of the rural agricultural region of western Palm Beach County--bordering Lake Okeechobee. The Health Care District constructed and opened the 70-bed, acute care hospital in 2009--which features all private patient rooms. The hospital's dedicated medical staff has earned high marks for quality care and patient satisfaction compared to public hospitals nationwide. Staff includes both primary care and specialist who provide comprehensive and continuing health care for the individual and family across all ages. In 2022, the Health Care District launched its new ground ambulance program, LifeTrans, that provides Health Care District patients with 24/7 emergency advanced life support (ALS) and basic life support (BLS) transport services, as well as secondary ALS transport services. One of the District's two ambulances is based at Lakeside Medical Center to support the safe and rapid transport of hospital patients needing a higher level of care.

Lakeside Medical Center is proud to be named #1 in the nation as the most racially inclusive hospital, as ranked by the Lown Institute in 2022. Our other national awards include a 2023 and

2020 gold-level AORN Go Clear Award™ for safety in surgery, and an “A” safety grade as a top hospital in the nation for patient safety from Leapfrog’s Hospital Safety Grade, in the Fall of 2018. In 2011, the hospital established a rural Family Medicine Residency Program. Lakeside Medical partners with academic and community organizations, including Nova Southeastern University and the Florida Department of Health in Palm Beach County. In 2023, our Family Medicine Residency Program graduated its eleventh class of Family Medicine Residents. We are Florida’s only rural, teaching hospital.

Low-Income Heat Energy Assistance Program (LIHEAP)

The Low-Income Heat Energy Assistance Program helps keep families safe and healthy through initiatives that assist families with energy costs. It provides federally funded assistance for managing costs associated with home energy bills, energy crises, weatherization and minor energy-related home repairs. LIHEAP can help individuals and families stay warm in the winter and cool in the summer through efforts that reduce the risk of health and safety problems that arise from unsafe heating and cooling practices.

Lifeline and Linkup Telephone Service

Lifeline is a government benefit program that provides monthly discounts on ONE telephone service (wireline or wireless) for eligible low-income consumers. Lifeline service is a non-transferable benefit and is available to eligible low-income consumers. The Lifeline Program helps low income consumers connect to communications networks, find jobs, access health care services, connect with family and their children's schools, and call for help in an emergency. You must be eligible to enroll, and you must recertify your eligibility every year. Only one Lifeline benefit is permitted per household.

To participate in the program, consumers must either have an income that is at or below 135% of the federal Poverty Guidelines OR participate in one of the following assistance programs: Medicaid; Supplemental Nutrition Assistance Program (Food Stamps or SNAP); Supplemental Security Income (SSI); Federal Public Housing Assistance (Section 8); Low-Income Home Energy Assistance Program (LIHEAP); Temporary Assistance to Needy Families (TANF); National School Lunch Program's Free Lunch Program; Bureau of Indian Affairs General Assistance; Tribally-Administered Temporary Assistance for Needy Families (TTANF); Food Distribution Program on Indian Reservations (FDPIR); Head Start (if income eligibility criteria are met); or State assistance programs (if applicable).

How Do I Enroll? Apply for Lifeline through a Lifeline Program provider in your state or designated state agency. To locate a Lifeline provider in your state, go to www.lifelinesupport.org. 1.888.225.5322

COMMUNITY EMERGENCY RESPONSE TEAM (CERT)

The CERT Team is a community based organization of residents who learn how to take emergency response actions in safe ways until the professional emergency responders can respond. These volunteers learn how to work in a coordinated manner caring for those citizens within their community affected by a disaster. The Division of Emergency Management has trained over 3200 CERT Team volunteers throughout Palm Beach County in disaster preparedness, disaster medical services, light urban search and rescue for trapped citizens, disaster communications, disaster psychology and terrorism.

Most people are not prepared to deal with even the most minor medical emergencies. Whether due to disaster or encountered in everyday life, they may experience problems. After a major emergency, citizens will come forth in groups to help. Unfortunately, without properly training these people can expose themselves to potential injury and even death.

In the aftermath of a major disaster such as a hurricane, emergency crews are quickly overwhelmed, causing delays of hours or even days. For those reasons, Palm Beach County Emergency Management offers the Community Emergency Response Team training course. The free basic course consists of 24 hours of training.

Did you know that 22% of adults in the U.S. function at the lowest levels of literacy? In Palm Beach County, over 70,000 adults share these concerns.

Simple tasks often present huge barriers:

- Completing a job application
- Reading a medicine label
- Registering to vote
- Opening a bank account
- Helping a child with homework

Make a difference – volunteer a few hours each week. A prospective tutor should call the Adult Literacy Project at 561.894.7510 (West Palm Beach), 561.996.3453 (Glades).

CEO Message Karis Engle

On behalf of all of us at The Glades Initiative, we express our heartfelt gratitude for the many foundations, corporations, and individuals who donate and volunteer to support our work in the community. Together with our dedicated employees, we are able to serve our residents in the Glades area who are struggling with access to services. Those who aren't digitally connected come for help with online applications, thousands of others come for our weekly CHOICE food distributions. This past year, we assisted 7,500 clients to access services valued at more than \$11 million+! Please come visit us, at 149 SE Avenue D, Belle Glade, FL 33430. Communication Tools for Residents & Providers

The Glades Initiative serves as a primary source of communication to and between Glades families and health/human service providers. We offer a number of communication tools geared towards the coordination and effective delivery of health and human services in our community.

Glades Community Updates

Over 2,000 individuals subscribe to The Glades Updates, a weekly eblast, and compilation of available services, meetings, events and information going on throughout the Glades community. To subscribe, visit our website at www.gladesinitiative.org or our Facebook page.

Glades Area Resource Guide

The Glades Area Resource guide, available by download is a compilation over 175 organizations serving the Glades area, updated every other year. The Resource Guide, the weekly eblast and the web calendar are some of the most effective ways to keep up with the many services and activities in the Glades.

Level II Background Screening

The Glades Initiative offers Level II background screening/fingerprinting for agencies requiring this service of their employees and volunteers. Prior to the launch of our background screening program, many partners drove to the coast for these services, spending significant resources in employee time & mileage.

Senior Support in the Glades:

The Glades Initiative's newest pilot program provides support to senior citizen residents in the community who live independently but may need extra support to stay in their home and age in place with dignity. The resident in this program receive weekly contact with staff as well as weekly food delivery to their home. They are invited to participate in quarterly gatherings to learn more about topics such as: how to manage their chronic disease, health and nutrition sessions and social activities.

Helping Families Access Vital Services

Our Community Resource Educators are bilingual in Spanish and Haitian Creole and assist families with limited English, low literacy, and limited or no access to computers with enrollment in safety net services such as SNAP and Medicaid/Medicare.

The Glades Initiative assisted over 3,000 residents each year with access to services. The services that our clients are able to receive are valued at more than \$8 Million.

Each year, we help our clients access more than \$1.2 Million of SNAP - increasing our community's access to nutritious food.

We also assist over 3,000 residents with enrollment in health care coverage each year. Our employees efforts to bring these federal benefits into our community help not only the families receiving them, but also help with badly needed economic stimulation.

Health & Human Service Collaboration

The Glades Initiative is uniquely situated to facilitate regional collaboration among local providers.

System of Care Meeting Coordination

The Glades Initiative serves both residents and providers by investigating systemic barriers and implementing solutions to those barriers.

The Glades Initiative coordinates various health and human service meetings in the Glades in order to ensure the coordination and effective delivery of services.

Trainings & Workshops

The Glades Initiative facilitates and coordinates trainings related to relevant topics in the health and human services in the Glades. This past year we offered a number of well attended trainings some geared towards local health and human service providers such as medical interpreting, conflict management, and public speaking. Others for residents in general, including Financial Literacy and Nutrition Education among others.

Access to Healthy & Affordable Food

Our Glades Area Food Bank provides emergency food supplies to 14 Glades food pantries/soup kitchens. Our food bank member sites provide food for thousand of hungry families each year.

Our Food Pantry provides weekly, supplemental food to more than 7,500 individuals (duplicated) each year.

Our Strategic Planning for Food Security in the Glades involves numerous community partners working collectively to address systemic issues.

Cooking Matters Nutrition Education

Because we believe in helping people help themselves, we offer the research-based Cooking Matters™ Program to teach families how to prepare healthy meals on a low budget. Six specialized curricula are offered in English Spanish and

Haitian Creole.

Program Services Accomplishments 2022-2023:

Our programs at The Glades Initiative revolve around increasing access to health and human services by removing the barriers that both residents and providers encounter within the system of care. We do this through increasing communication, collaboration, and by connecting residents to services. Our mission is to improve the coordination and effectiveness of the health and human service in the Glades area of Palm Beach County.

Connecting the Glades

Our Community Resource Educators assisted over **3,850** uninsured and underserved Glades residents with access to various health and human services. This past year, even with all the challenges that COVID-19 brought to our service delivery, we assisted **3,001** of our low-income residents with the online application process for DCF Services such as: Medicare/Medicaid and SNAP (Food Stamps). Most of the residents served at The Glades Initiative (95%) face barriers in receiving services because of limited English language skills, low literacy levels and lack of access to computers and internet.

We also provided hundreds of residents with enrollment assistance for Health Care District programs and Kid Care. With services turning online, our clients, continue to face challenges to complete applications. More than **2,861** other services and referrals were provided for translation, interpretation, Emergency Utility payment applications & PBC Human Services. Our clients this year received well over **\$2.9 million** of SNAP (Food Stamps) dollars, which totals almost **\$5.3 million** in Gross Domestic Product (GDP). The USDA calculates that each SNAP dollar generates GDP @\$1.84.

With health coverage and hundreds of visits to the doctor covered by Medicaid, Palm Beach County Health Care District or Kid Care health insurance applications processed by our bilingual staff at The Glades Initiative, we have assisted our clients in accessing services valuing over **\$11 million**.

The Glades Initiative staff participated in over **61 outreaches** to more than **3,362** of our most vulnerable residents to provide them with information about local services.

Food Security

Our strategies involve numerous community partners working collectively to address food security issues in the Glades and develop and implement solutions to these issues.

The Glades Area Food Bank

Our Glades Area Food Bank is targeted to serve Glades food insecure families. This past year, The Glades Area Food Bank served **7 partner agencies**. The 6 food pantries served **fed 96,560** extended family members (duplicated) with **34,446 food bags** to Glades area households. In addition, our one hot meal partner served **47940 meals (total 82,386 food services)**. We distributed food valued at **\$1,042,219.00**

The Food Pantry at The Glades Initiative

49,281 food insecure residents (dup) benefitted from our Food Pantry's week distribution this past year. The pandemic dramatically increased the need in our community. We distributed **674,016** pounds of food this past year to **17,627** households (dup). We served an average of **350** households each week and distributed an average of **13,216 lbs.** of food weekly. This year, **4,903** unique people in **1,681** households received food from our weekly distribution this past year. The past two years, our CHOICE pantry has served **7,903** unique residents, **29%** of the total population of our community. That's one in every 3 people!

Women's Health Program

Our Women's Health Navigator helps women access health screenings and services while identifying resources to cover the associated expenses. We navigated 77 women who received mammograms, PAP smears and other health services this past year.

Senior Support Program

Caring for **51** of our vulnerable seniors, who have limited family support and need some attention and healthy food delivered weekly to their homes, aging in place with dignity. An additional **31** senior also received home delivered groceries each week.

Nutrition Education Classes -Cooking Matters

Our Nutrition Education program is a 6-week nutrition class targeted to low- income residents that teaches kids, teens and families how to prepare healthy meals on a budget. It builds residents' skills in food affordable shopping, increasing healthy food choices and preparing healthy meals. Even with COVID-19 affecting our trainings this year, we had **41 participants** in three 6-session classes two held for Seniors and one with The First Haitian Baptist summer youth program. A total of **487 participants** have graduated from the class since it was first started in 2014.

Medical Interpreter Training

With the ultimate goal of reducing the barriers of language and culture for health and human services staff providing services to residents with Limited English Proficiency (LEP), we offer a 40-hour Medical Interpreter Training. In the last seven years, this program graduated **181** participants.

Glades Communications

The Glades Initiative serves as a point of communication for health and human service providers and community residents. One of our most popular communication tools with over **2,474** subscribers is our weekly email newsletter, "[The Glades Community Updates](#)," a compilation of available services, meetings, events and information going on throughout the community. You can subscribe on our website at www.gladesinitiative.org

The Glades Area Resource Guide: Health and Human Services

We finished updating the [Glades Area Resource Guide](#), and will be distributing copies soon. The guide is a comprehensive, up-to-date listing of over 175 service providers in the Glades. The last printing produced **750 hard copies** distributed, with hundreds more downloaded digitally. Come inquire about your copy of the new 2024 Resource Guide.

The Online Calendar

Our [online community calendar](#) is one of the most effective tools for keeping up with not only health and human service activities but most events happening in the Glades Community.

Glades Initiative Trainings

The Glades Initiative facilitates and coordinates various meetings and training sessions related to relevant topics in the health and human services system of care in the Glades.

Background Screening

The Glades Initiative offers Level II (federal and state) background screening for organizations that have this requirement of their employees working with vulnerable populations. In this fiscal year, background screenings have been provided to **514** people. Since its inception in 2012, **4,461** people have been screened. By offering services locally, local providers saved **over \$669,150** in mileage and wage expenses. (\$150 /each).
