The Palm Beach County Summit to End HIV: Let Communities Lead is a must-attend event for healthcare professionals, service providers and community peers dedicated to ending the HIV epidemic. Over three transformative days, from November 30th to December 2nd, join a diverse collaborative of Licensed Providers, Clinicians, Social-Behavioral Providers, Medical Case Managers, Peer Navigators and other community leaders to lead the charge in ending HIV while connecting with like-minded professionals dedicated to this important cause. Don't miss out on this opportunity to have a disruptive impact in the fight against HIV. Register today and be a part of the movement for change!

Join us on November 30th for Palm Beach County Summit to End HIV: Let Communities Lead. Day 1 kicks off with general sessions delving into the HIV system of care, the importance of community involvement in leading change, overcoming stigma, discrimination, and disparities, and plans guiding our collective work to end HIV within our communities together.

Join us on December 1st for a day of general and break-out sessions where we explore a variety of topics for service providers, Peer Navigators, and all members of our diverse communities. This is your opportunity to expand your horizons and make a lasting impact. Connect with colleagues and gain the knowledge and skills to elevate your practices. Don't miss this empowering day of growth and community-building as we lead the way in ending HIV. Register now!

An intensive clinical track with a focus for medical providers and clinicians, with topics designed to boost your expertise. Our journey will survey topics of HIV Medication Updates, HIV Health Maintenance, addressing HIV-related Syndemics, HIV & Aging, HIV & Substance Use Disorders, and other Co-Morbidities. This day is tailored to enhance your expertise...and more. Elevate your patient care and explore strategies to combat the multifaceted challenges of HIV. Let's build a stronger, more resilient healthcare community together.
