

**Palm Health  
FOUNDATION**  
Leading Change for Better Health

Since 2001, Palm Health Foundation has awarded over \$3 million in nursing scholarships, due to the generosity of donors and the foundation's commitment to nursing advancement in Palm Beach County. This year, the foundation has expanded our scholarships to include those seeking education in the behavioral health professions, including social work, clinical psychology, clinical mental health counseling, family therapy, school counseling and other focus areas. Please visit <https://scholarship.org/scholarships/#PHFScholarships> for additional information.

Applications are Currently Open:

**Palm Health
