

Non-Profit Disaster Preparedness Training

The Palm Beach County Long-Term Recovery Coalition proudly presents its annual preparedness webinar, "Navigating Disaster Within a Pandemic". As hurricane season ramps up we want to ensure our local non-profit community is prepared for a storm while still operating safely during the COVID-19 pandemic.

- Weather experts will provide a briefing on the 2020 hurricane season outlook
- County emergency management personnel will speak about what will look different this year, especially from the lens of a non-profit agency
- Planning and legal experts will discuss the importance issues related to business continuity plans

Please plan to attend and share widely with your partners and affiliates!

When: Monday, July 13th from 3pm-4:30pm
