

Calling all bakers!

I am writing to invite everyone that is in receipt of this email over the age of 60 (to include your family members, members of your congregation, your employees, co workers, friends, associates, etc.) if interested to register for the 1st Senior Bake Off which will take place [on Friday, May 14](#) and [May 21st, 2021](#), at the South Florida Fairgrounds.

Since baking has had the added benefit of reducing stress among senior citizens since the beginning of time, many seniors nationwide are baking cakes, cookies, and pies during the pandemic and are experiencing reduced stress and much comfort while finding purpose in the kitchen. That's why we (fair representatives and myself) decided to host the 1st Senior Bake Off at the South Florida Fair by incorporating this new addition to the line-up of fair scheduled events in May. With so much tension in the air, an activity of this nature will be a breath of fresh air for senior citizens throughout the area.

If you and/or your loved ones or anyone you know over 60 is interested in joining us, we'd be happy to send you more detailed information about the event. Participants are free to register at the following:

<https://www.southfloridafair.com/bakeoff>

I have a feeling that this event will leave a lasting impression on you. It encourages the kind of responsible citizenship and stewardship we'd all like to see imbued.

With all best wishes and thanks for your consideration,

Willie A. Miller, Jr.
