

## Client Advocate (Delray Beach, FL)

Wayside House, established in the community for over 40 years, is a residential treatment facility for women ages 18 and older who suffer from alcohol and/or drug addiction. Our treatment program is based on the 12-step model, individualized for each woman.

We are currently seeking 1 Full-Time and 2 Per-Diem client advocates for our residential program. Our client advocates are primarily responsible for providing non-clinical supervision to women in substance abuse treatment, acting as a role model for positive behavior and communication. Essential duties include overseeing the whereabouts of clients, assisting the clients with mealtimes, providing transportation, assisting with daily activities, and documenting and communicating client-related matters promptly and accurately.

Experience in residential settings is preferred. Must be flexible with regard to scheduling, must have excellent references and must be willing to have a background check (including driving history) and drug screen.

We offer great benefits, training opportunities, and the opportunity to be part of a truly amazing program that changes women's lives.
