

Heading:

Palm Beach State College - National Science Foundation (NSF) Information Session

Brief Summary of Event/Announcement:(Who/What/Why):

Palm Beach State College is inviting those who are interested in technology to attend our National Science Foundation (NSF) Computer Network Security information session. Enrollment for the Spring semester is open. The Network Support Technician program is 21 credit hours and can be completed in 3 semesters or less. Network Security program is 30 credits, it's an additional 4 classes to the Network Support Technician program. Students can receive both certificates in 4 semesters and move on to the Associate's degree in Network Administration if desired. Classes can be completed online. State-of-the-art computer labs and experienced tutors are available to assist the students. Financial aid may be available to qualified students.

The Glades community is invited to enroll in our Network Support Technician and/or Network Security programs. High school students in grades 10, 11, and 12 may enroll if they meet the dual enrollment requirements. Our students will be well on their way to employment in the fields of Security Operations, Security Information Systems management or Infrastructure architecture, to name a few. This is a great opportunity to get started in a new career.
