

Part of the Central Palm Beach County Chamber of Commerce's Foundation is the Young Entrepreneur's Academy (YEA!). This year our most dynamic yet, and we are seeking out special sponsors to help assist the students with their entrepreneurial endeavors. The students are more eager than ever to start their own companies, and as leaders in both business and community, we would love to have your participation with the Chamber's Foundation!

We are recruiting students from all over Central Palm Beach County, and this especially includes the areas out west in Pahokee and the Glades regions. We want to afford these students the special opportunity to develop confidence, determination, and the ability to express their business skills through the structure YEA! gives students.

As a community and nonprofit organization, we are reaching out for sponsorship opportunities! This is a great way for your company to get inclusive promos and public relation communication throughout the year as YEA! goes on. The program runs from October through April, and your business can be part of the entire program!

Some of the ways we are asking for your sponsorship are:

1. **Grant for bussing/ food for students.**
2. **A field trip for the students to your place of work- this is part of the program where students can get a FIRSTHAND experience at a company. Many students in the past have reported these field trips have given them a deeper sense of business ethics and entrepreneurship.**
3. **Guest Speaker opportunity to address the class on a certain topic for the week (topics are planned out in the schedule).**
4. **Mentors to help students develop their ideas into feasible organizations. This would be a great opportunity for a Young Professional in your company to participate in!**
5. **Sponsorship and Benefits in the form of: Presenting, Corporate, Community Partner, YEA! Patron, and YEA! Supporter. Please see attached document for all the benefits associated with these sponsorship opportunities!**

The YEA! program consistently produces confident students who have developed their social, speaking, and business skills, and transferred these skills into legal LLCs. Last year one of our students competed at the Regional YEA! Pitch competition and received such high acclaim for his product and presentation, the philanthropist who funds the competition took interest in his product. With your support we can create very rich (pun intended!) futures for our students in Palm Beach County!

Contact the YEA! Program Manager, Allie Thomas at Alexandra@cpbchamber.com and (561) 578-4808 to lend your support and for more information! Thank you for all that you do to lead and hold up our community and chamber; this is only possible because of members like you!
