

**OPENTABLE**  
RELATIONSHIP TRANSFORMS COMMUNITIES™

## The Glades Network Table

**Are you a cancer patient with a need that has become a barrier to good health?  
A NETWORK TABLE can help!**

The Glades Network Table is made up of trained community volunteers who want to help you meet one important need in your life. This is not a service or a program, it is a group of community members that want to help! Once a solution is available, the Table will connect you to that solution.
