

Trustbridge Bereavement Centers

Grief Support

Grief support programs are available to all who enter the journey of healing and transition after the death of their loved ones. Trustbridge bereavement support groups and workshops are open to the community and offered free of charge.

Beginning the Journey

The early days of the grieving process can be particularly difficult. A wide variety of emotions overtake one's life as the process of coping with the loss begins. The **Beginning the Journey** workshop provides an initial overview of the grief process and provides coping strategies. We invite you to begin your grief journey with the **Beginning the Journey** workshop. Our **Beginning the Journey** workshops are available to all without prior registration.

Open Support Groups

Open support groups provide an opportunity for adults who have lost a loved one to come together and share their struggles on various grief related topics. Most individuals find it helpful to wait 4-6 weeks following the loss of a loved one before attending a support group. Our open support groups are available to all without prior registration.

Loss-Specific Support Groups

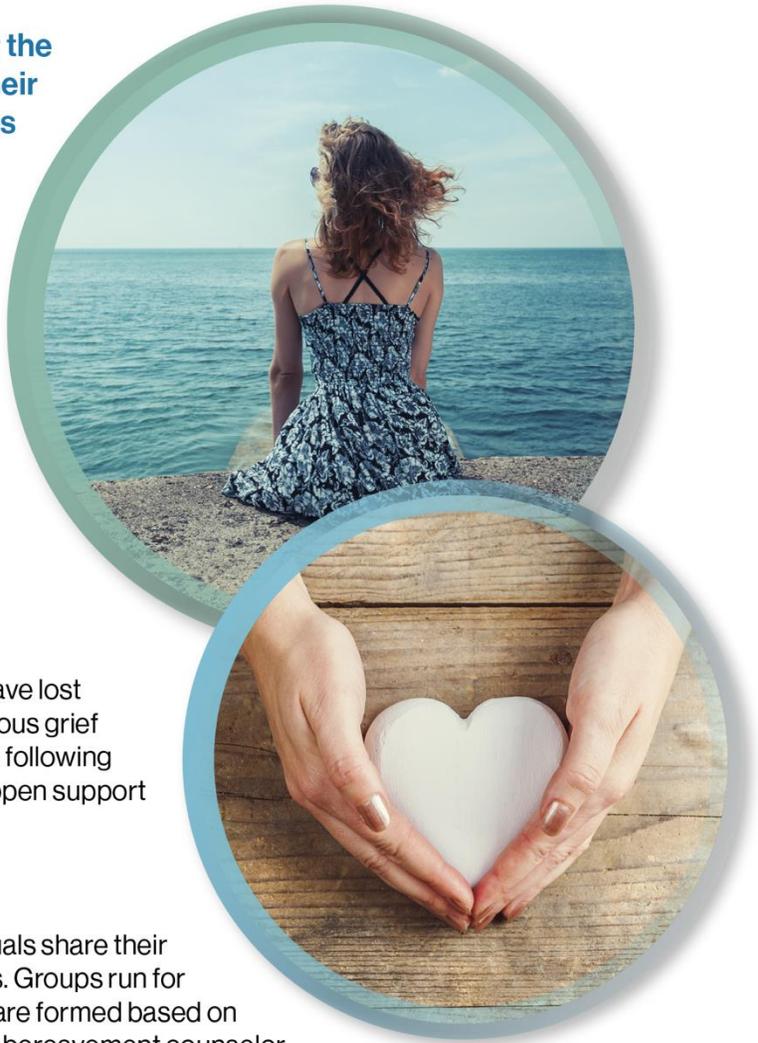

Our loss-specific support groups are designed to help individuals share their grief and have contact with others who have had similar losses. Groups run for up to eight consecutive weeks. Loss-specific support groups are formed based on need. Before joining any group, each member will speak with a bereavement counselor. Please call **888.499.8393** for more information and to schedule a phone appointment.

Workshops

Our workshops are created and facilitated by our bereavement counselors and cover a variety of topics. Please call **888.499.8393** for information about upcoming workshops.

Sea Star Children's Programs

Our Sea Star Program provides services to meet the unique needs of children and teens who have lost a loved one. We provide grief support to children and teens focused on how younger individuals experience loss and healing. Our goal is to promote resiliency, hope, courage, and self-esteem. Please call **888.499.8393** for more information about our children's bereavement programs.

Please see the reverse side for a calendar of bereavement support options.
