SKIDMORE SCOOP

OFFICIAL PUBLICATION OF HOUSE DISTRICT 81

Florida Redistricting 2021

The Florida Legislature has launched a joint website and a new interactive map drawing application for the 2022 redistricting cycle. Florida's redistricting website is a one-stop-shop for information on the redistricting process. It includes a direct link to a map drawing application where the public can go to draw and submit redistricting plans after signing up for a free account.

The map drawing application allows members of the public to use the same datasets, drawing tools, and analysis functionality used by legislators and staff. Florida is one of a handful of states to offer a free, tailored map

drawing solution to the public for the 2022 redistricting cycle. Additional updates to further enhance the communication of ideas and suggestions from the public are expected in the coming weeks. To view schedules for the respective Senate and House committees, click [HERE](#) and [HERE](#). For more information and to get involved in Florida's redistricting process, visit www.FloridaRedistricting.gov.
