for your *Second Chance*

### Your Pathway to Success

**PALM BEACH STATE**  
COLLEGE

Follow us on     

Second Chances is a program that provides focused, embedded instruction in English, reading, and math to prepare students to fulfill requirements for a **standard** high school diploma.

**NEW FOR SPRING:** All students must take a placement test prior to registering for class. The placement test will be available at the Open House for a limited number of students. We encourage students to attend the Open House to take the placement test that night.

During the program, students will receive test taking strategies, academic advising, and career information to assist them with preparing for their futures.

Sponsored by Florida Crystals and Sugar Cane Growers  
Cooperative of Florida
