

211 Wants to Hear from You!

Last year, 211 Palm Beach/ Treasure Coast responded to nearly 98,000 requests for help from people throughout Palm Beach and the Treasure Coast counties. Our staff and volunteers provided a caring ear, encouraging words and lifesaving assistance for thousands of people experiencing emotional crises. We provided reassuring daily phone calls to hundreds of homebound seniors every day, screened thousands of children for developmental delays, and helped hundreds of families with special needs children navigate the often confusing system of care. And we didn't stop there. 211 also provided more than 105,000 referrals to programs and services for people in need and, through our online database, we served as a round-the-clock source of information for people searching for help.

211 is always here to help, and we want to ensure we're providing the best possible service. Please take a moment to complete the survey below - your feedback is important to us!
