

Rising Leaders Service Learning Project - Request for Proposals

The purpose of this Rising Leaders Service Learning Project RFP is to solicit proposals from nonprofit organizations in Broward and Palm Beach counties who need assistance with mitigating or solving a present challenge within their organization. This is an excellent opportunity for an organization to address a need or complete a project for which there are limited resources available. As a component of Nonprofits First's Rising Leaders program, organizations can expect a team of between 4-6 program candidates to

work collaboratively with the organization and other professionals as needed to address the area of concern and identify possible solutions. [Read More](#)
