

## The Opportunity

### A meaningful team building experience that impacts our community

Habitat's Team Build Day is a great opportunity tailored to companies to rally colleagues and friends toward a common cause. While strengthening bonds and learning new skills, team members will be challenged, inspired and motivated. The result? A powerfully connected team working together to create real change right here in our community!

#### Team Build Commitment - \$2,500 (up to 15 participants) Addtl: \$175pp

Your team has an opportunity to make a tangible impact in the life of a local family through one of several ways, such as, helping to construct a new Habitat home, completing a neighborhood revitalization project or completing a task critical to the success of our local Restores.

#### Your build day experience includes:

- Team photo and company feature on HFHPBC social media
- Hands-on participation for up to 15 team members
- Commemorative t-shirts for all team members
- Lunch will be coordinated for full day shifts
- Safety equipment, tools and training

**Half Day and  
Full Day Shifts Available**
