

SandyPines in Tequesta, FL is recruiting a full time Child and Adolescent Therapist for the Residential Treatment Center. Duties for the Therapist include treatment planning, groups facilitation, and direct patient care. The caseload will be children and adolescents ages 5-17 years with diverse psychiatric treatment issues. Disorders treated at SandyPines include, but are not limited to: Anxiety, Depression, Mood Disorders, Addictions, Psychosis, Acute Stress, Avoidant Personality Disorder, Phobias, and Post Traumatic Stress Disorder.

The Therapist position requires a Masters degree in a relevant Human Services Field with 2 years experience working with children and adolescents with serious emotional disturbance, and their families. Licensed in the State of Florida as a Social Worker (LCSW), Licensed in the State of Florida as a Mental Health Counseling (LMHC) preferred. The non-licensed therapist may practice under a licensed mental health professional for up to two years, during which time the non-licensed clinician is actively working toward licensure or certification.

Bi-lingual speaking Spanish and English would be a plus. Specialty in Addictions a plus as well.

Located in beautiful Tequesta Florida and just minutes from the beach, [SandyPines Residential Treatment Center](#) provides children and adolescents the opportunity to confront their personal issues, engage in a problem solving process, test new behaviors and formulate a more constructive approach to life's challenges. Every effort is made to create a safe and supportive environment in which to build on personal strengths and challenge destructive behaviors.

The SandyPines experience is often the last alternative for our youth to find calm in their confusing world, to create organization out of chaos, to constructively build life skills with support and new role models, and to experience success and self-fulfillment toward a positive future.

SandyPines staff and administration take seriously their responsibility for making the total SandyPines experience a life altering time for our children and youth. Physicians at Sandy Pines work in a collegial, supportive, and caring environment where there is opportunity for professional and personal growth. Our specialized multidisciplinary treatment services are provided by highly trained psychiatrists, therapists, mental health counselors, teachers, nurses, and activities therapists.

The position is full time and the caseload and call are manageable.

A competitive salary and full benefits package will be offered.
