

Teen vs. Adult Engagement: Building Trust Across the Age Spectrum

- Date: Friday, March 27, 2025
- Time: 2-3 pm ET, 1-2 pm CT, 12-1 pm MT, 11-12 pm PT
- Duration: 1 hour
- Presenters: Eryn Patchett, MSW, LMFT; Ashley Johnson, MSW, LCSW

Registration Link: [Teen vs. Adult Engagement: Building Trust Across the Age Spectrum - Demio](#)

This presentation will explore the principles of neurodivergent-affirming care and review data from more than 6,000 program participants to highlight the impact of affirming clients' neurodivergent identities on mental health outcomes. We will emphasize how affirming practices—through a connection-centered approach that validates lived experiences and provides individualized support—can foster resilience and help clients thrive.
