Wings of Grace Ministries, Inc.

Wings of Grace Ministries, Inc is located in Melbourne Florida. They are a non-profit ministry that offers a teen aviation program where teens between the ages of 13-18 can earn a private pilot's license by performing community service hours.

Dewight and Angelia Bell started Wings of Grade Ministries 12 years ago with a mission to mentor teens through their aviation and music programs. Teens earn flight time or music instruction by performing community service projects. The ministry also provides affordable housing to nearly 40 families mostly in Brevard county. They also make mission flights to the Bahamas and have been very active flying in Hurricane Dorian relief supplies.

Married for 34 years Dwight and Angelia have 3 children and 4 grandchildren. They enjoy flying helicopters but you will easily find them flying an airplane too! They hope to bring their program to the glades in the very near future.

For additional information on this wonderful program you can reach Wings of Grace Ministries at 321-288-7809 or email them at Dwight@wogm.life you can also check them out on their website www.wogm.life.

Big Lake Oilers

Big Lake Oilers was started with the members around Lake Okee in 2014. It consists of Young Living Members who want the best quality of oils available. The Seed to Seal Policy Young Living enforces is unmatched in the industry. They set the standards extremely high as there is a lot of misinformation out there about the quality of essential oils.

Young Living was started in 1993 by D. Gary Young. He brought the oils back into the mainstream as they had all been squashed by our present western medical system. Often referred to as quackery, many members use the oils quite successfully as prevention of chronic diseases.

If you are interested in learning more about Young Living and Dr. Young's message of getting the oils into every home, give us a call at 561-261-5043. Today, now more than ever we need self care. It is so exciting and fruitful to take care of ourselves the way God intended, naturally.

- **Panel 1 Introduction:** Water is life. It is crucial in determining where we live and work and what we eat and drink.
- **Panel 2 Source:** Water is the source of our very lives. It is the source of the things we encounter every day. What would you lose if you did not have water?
- **Panel 3 Flow:** The ebb and flow of water both connects and divides us. Historically, access to water made it easier to travel, migrate, or trade with others.
- **Panel 4 Harnessing the Power of Water:** Humans not only drink water—we put it to work.
- **Panel 5 Water is Eternal?:** Water is a finite resource. Our environment does not create water—it recycles it.

Habitat for Humanity of Palm Beach County Announces Kelly Smallridge will serve as Honorary Chair of Women Build 2022

PALM BEACH COUNTY, FL (January 4, 2022) Habitat for Humanity of Palm Beach County (HFHPBC) is pleased to announce that Kelly Smallridge, President and CEO of the Business Development Board of Palm Beach County, will serve as Honorary Chair of the local nonprofit's Women Build 2022.

Women Build is an annual, worldwide event engaging women to support affordable, quality housing. Starting with International Women's Day on March 8, 2022, teams will come together to build homes, communities, and hope in Palm Beach County.

Habitat for Humanity of Palm Beach County's Women Build 2022 will build homes in Belle Glade for two women-led families, the Lane and Volmard families. HFHPBC is calling on women to roll up their sleeves and pick up a hammer to help build these two homes and support these families in realizing the dream of homeownership.

"I am thrilled to be involved with Habitat for Humanity of Palm Beach County's Women Build 2022," said Smallridge. "As we continue to see a need for quality and affordable housing in our area, it is important to support and be involved in organizations like Habitat that provide families the resources and opportunity to afford and achieve home ownership. To be able to participate in this event that builds two homes for single mothers is a privilege."

Create a team with HFHPBC and become a part of the solution to affordable housing in Palm Beach County. Visit [habitatpbc.org](https://www.habitatpbc.org) and click on the blue "Join this Team" button to help build a new home for the Lane and Volmard families. Confirmed partners include Bank of America and FPL/NextEra Energy.

To learn more about Women Build 2022, visit www.habitatpbc.org/womenbuild or contact Mitchell Fratrik at 561.536.5872, email fratrik@habitatpbc.org.
