FOR THE LIFE OF YOUR BUSINESS

Free Workshop: Intellectual Property - Patent, Trademark & Copyright for Small Businesses

Presenter

Dyvia Khullar

As you grow your business you build value in its name, logos, trademarks, and bylines. They can be as valuable as the reputation and profit levels.

Are you in a creative business? Designers, illustrators, painters, software engineers, writers, authors can all create works with long lasting value.

Are you an inventor? How do establish proof of ownership of your invention?

Attend this workshop and learn:

- Whether or not you need protection for your intellectual property
- If so, which methods are appropriate to your situation
- What processes are involved
- How much you can do yourself and at what point a lawyer might be needed
- The timelines involved

By investing a few hours in this workshop, you will have up-to-date information on a key issue that you should address to decide if you need to protect or enhance the value of your business for any intellectual property that you have developed.
