Earn Your High School Diploma, Launch Your Future...at Catapult Academy!

Catapult Academy is a tuition-free, fully accredited high school program where students earn their high school diploma through a combination of small-group instruction and self-paced learning. Catapult Academy is NOT a virtual school. Entering students keep any credits that they have already earned and complete any remaining credits with Catapult Academy. Once students complete their credits and all other state and district requirements, students receive a fully accredited and district-approved high school diploma (not a GED).
