

Do you want to make a difference in the life of an underserved student who wants to attend college? MENTOR, for Take Stock in Children and BE THE CHANGE!

Our program accepts students 6-9 grade and provides resources, including mentors, college readiness coaches, and advocacy. Upon high school graduation and completing our program, our students earn a two-year college scholarship. We are currently accepting students in the Glades and Pahokee Regions. Our students meet with a caring mentor once a week, at least three times a month, during the school year. We offer a hybrid model, and mentoring takes place during the school year once a week at least three times a month. If this is YOU, we would delight in your participation as a mentor.
