The Growing Brain: From Birth to 5 Years Old

Decades of research indicate that the early years of life are a period of exponential brain development, characterized by great opportunity and vulnerability, dependent on the relationships and environment in which the child is growing.

[Zero to Three](#) has organized the latest research in the field and developed a comprehensive understanding of how the brain develops, along with ways a practitioner can encourage healthy brain development in children from birth to 5 years old. This innovative workshop presents the information using lecture, hands-on activities and discussion to illustrate the comprehensive concepts every practitioner should know when working with young children and their families.

This is seven-part weekly virtual series from 1PM-4PM, beginning on June 4th and ending on July 16th. Includes 21 hours of learning!

Cost: Palm Beach County Residents: \$200 and FL Residents: \$300. Students and childcare workers in Palm Beach County, please [email us](#) for a \$60 discount code!

Play Therapy with Families

Most challenges presented by children are really family challenges. Since most of a child's experiences in life are controlled by the adults in their world, it makes sense that working together as a family group will provide the best possible outcomes for a child.

This 1-hour on-demand, online workshop will focus on using play in sessions with families. Specific activities and strategies will be explored. Earn 1 non-contact APT and CEU!

Cost: \$25 - 1 State of Florida CEU and **non-contact APT** included. **Student discounts are available.** Please [email us](#) with your name, school, and a request for a 30% student discount code.

Trauma and Play Therapy

The stress of the last year has made it even more crucial for professionals and caregivers to learn effective ways of helping children express their feelings, cope, and heal.

This 1-hour online workshop will focus on using Play Therapy with clients of all ages who have experienced trauma. Specific activities and strategies will be explored. Earn 1 non-contact APT and CEU.

Cost: \$25 - 1 State of Florida CEU and **non-contact APT** included. **Student discounts are available.** Please [email us](#) with your name, school, and a request for a 30% student discount code.
