

PEPPI Head Start Lutheran Services Florida

Now Enrolling.....

PEPPI Head Start is now enrolling students. If you have a 3- to 5-year-old and want them to have a place for them to go for the summer, then you are who we are looking for you. PEPPI Head Start offers year-round services to children and families within the community. Your child will be fully engaged through play, fun learning, singing, dancing, and socializing with other students. This program is totally free to you as a parent. We offer many perks unlike other Early Childhood Programs and childcare centers.

Some fun activities that we do at our program consist of:

- Father-Daughter and Mother-Son Dance
- Children and staff are allowed to dress up during fall festivities (Trick-A-Teat) where the students go from classroom to classroom, and outdoors in the parking lot for Trunk-A-Treat.
- All of our students receive tricycles and many other gifts during Christmas time.
- We take the women and men of the household on an annual expense paid retreat at no cost for travel, lodging or food, we get our parents and clients involved through volunteering at the center.
- And much more.

If this sounds like a place that you and your child want to be and can benefit from, please visit us at 301 S.W. Ave 8th Street or give us a call at 561-996-1718.

Slots are limited so hurry. Your child can be enrolled and in school within 5 days should you provide all the required documents. We look forward to hearing from you and working with you and your child. Hurry!
