Once registration is confirmed, link to access the training will be provided

Description

Many adolescents struggle with challenging or acting out behaviors which impact their functioning in school, with friends, and at home with family. Parents often feel overwhelmed and confused as to why these behaviors are occurring and how to address them. This presentation will address possible reasons for these behaviors as well as discuss strategies to decrease challenging behaviors, increase positive behaviors, and improve relationships within the family.

There is no cost associated with this program.
