Interim Committee Week #4 Update

This week, I traveled to Tallahassee for the fourth interim committee week out of the six scheduled. Here is a brief wrap-up on the information presented in my assigned committees.

Health and Human Services Committee

The Agency for Healthcare Administration presented on the Medicaid Dental Program and the outcomes of the 2019 "Dental Carve Out" that went into effect in 2019.

Professions and Public Health Subcommittee

The Department of Health updated the subcommittee on the implementation of HB 933 which created regulations on office surgery facilities and on HB 177 which

created the Prescription Drug Donation Repository Program to facilitate the donation of prescription drugs and supplies to eligible patients.
