YOU'RE IN CHARGE. . .WHAT NOW?

Staff members who are great at their current roles often move up the ladder within an organization. But are they truly prepared for a promotion into a leadership role? Do they know how to manage or lead others successfully?

This fast-paced conference will energize you with a combination of serious leadership training information and targeted humor. The target audience is the "Work Leader," those who have a leadership title and role, whether it's a new position or not. These CEOs, EDs and VPs are expected to roll up their sleeves and contribute a healthy dose of work daily, all while managing and leading others and overseeing the operation. Many nonprofits rarely have the luxury or take the time to help staff transition into that role of manager and leader. You'll leave this conference with solid information on how to do just that.

Bring your high-level staff.

Our Keynote Speaker . . . Author Robert Lupton

**TOXIC CHARITY: How Churches and Charities Hurt Those They Help,
 And How to Reverse It.**

Veteran urban activist Robert Lupton reveals the shockingly toxic effects that modern charity has upon the very people meant to benefit from it. Toxic Charity provides proven new models for charitable groups who want to help—not sabotage—those whom they desire to serve.
