## Veterans Vaccines

The VA is offering the vaccine by appointment only at select CBOCs. Veterans must already receive care at VA to get the COVID-19 Vaccine and be able to return to the same site for their second dose. Call 561-422-5220 for appointments.

## Health Care District Vaccination Update

The Health Care District of Palm Beach County, in partnership with Palm Beach County, Palm Beach County Fire Rescue and the State of Florida, is administering COVID-19 vaccines throughout the county.

All registrations must be completed electronically at [vaccine.hcdpbc.org](https://vaccine.hcdpbc.org). For those with no internet access, the Health Care District's helpline at 561-804-4115 is available to assist in English, Spanish and Creole. Once the appointment request form is submitted, individuals will be placed in a virtual waiting room for scheduling on a first-come, first-serve basis, dependent upon vaccine availability.

All individuals presenting for a vaccination will need to bring identification for age verification and a work badge, if applicable. Individuals 18 years and older who are deemed medically vulnerable to COVID-19 will also need to bring the [Department of Health-approved form](#), as attested by their licensed physician, with them to their vaccination appointment.

The Health Care District has completed scheduling nearly all individuals who were on the Department of Health-Palm Beach County's (DOH) waiting list and who also confirmed that they still wanted appointments. Individuals who believe they were on the DOH waitlist, but were not contacted for an appointment can submit a new appointment request and check "Yes" in the box indicating they were on the waitlist. The Health Care District will verify and prioritize accordingly.

All individuals who submitted an appointment request prior to March 1<sup>st</sup> and who do not currently have a scheduled appointment at one of the Health Care District's vaccination sites must complete and submit a new online appointment request form at [vaccine.hcdpbc.org](https://vaccine.hcdpbc.org) and indicate in the box "Reason for Appointment" which of the above categories best applies.
