

Office of Community Revitalization's IN-CROWD Free University

The Office of Community Revitalization is pleased to inform the CCRT communities that there are a number of classes available for you to participate in. OCR is directing your attention to the two classes.

The Food Service class offers training on becoming a waiter or a chef. Upon successfully completing the course, you will be offered an opportunity of employment at the number of restaurants owned by Rodney Mayo, SubCulture. The STEM Star Math Tutoring/Mentoring Program will provide assistance high school math. This is an excellent opportunity to sign-up for math tutoring free of charge.

| SUBJECT | COURSE DESCRIPTION | DELIVERY |
|--|--|------------------------------|
| Food Service Jobs (Waiter) | Learning to love your server's job and make more money. Jobs waiting at the end of course. | Zoom Meeting 1 hour per week |
| STEM Star Math Tutorial/Mentor Program | One on one sessions for High School students serious about careers in STEM Subjects. | Custom FaceTime |

Please find the entire classes offered below by the In-Crowd. Steve West will be available to answer any question at the CCRT Virtual Meeting on Tuesday, September 20, 2022, at 10 AM. What class would you like to attend or teach? Put in your suggestion. If you have any questions, please call Houston Tate, OCR Director at (561) 233-5303.
