Hurricane Preparedness

Palm Beach County is currently in the error cone for potential hurricane impacts arriving approximately Wednesday next week. I strongly urge you, if you haven't yet, to immediately finish gathering all necessary supplies and review your hurricane plan.

The County offers a variety of ways to help keep you informed and prepared. The Palm Beach County Official Hurricane Planning Guide can be found [here](#).

For more information on evacuation zones, shelter locations if they are opened, and links to the County's social media pages, visit [here](#).

I will post information and important updates on my Facebook page as I receive them. Follow me [here](#).
