FBI Internship and Collegiate hiring initiative

This email was sent from an external (non-PBSO) source.

Marcia,

The FBI internship program and Collegiate hiring initiative is now open for the summer of 2019. The deadline for the application is October 14, 2018. This past summer, the FBI provided an opportunity for over \$1,000 students across the country to participate in our paid internship program. In addition, several of the interns from this past summer will start working for the FBI immediately after college. For those students graduating in the summer of 2019, the Collegiate hiring initiative is also open. This program provides an opportunity for those recent college graduates to possibly get hired on in one of our entry level positions.

The application is located on the fbijobs.gov website. <https://www.fbijobs.gov/students/undergrad>
