

The [Virtual Summer Breakspot Fun! Camp](https://sites.google.com/uwpbc.org/sbsfun) website is now live! The virtual Camp can be accessed from June 21 – August 6, 2021.

United Way of Palm Beach County (UWPBC) developed a comprehensive *Virtual Summer BreakSpot Fun! Camp* for children who are not participating in summer camps in person and as a resource for camp counselors. Kids of all ages can participate in virtual activities Monday - Friday (available all day) as they enjoy their nutritious summer meal. Attached is a summer schedule for camp counselors. It provides a link to the day's activity so counselors can prepare ahead of time.

The virtual summer camp offers read along to popular children's books, exercise activities, nutrition education, safety videos (i.e., fire, internet, financial, personal safety), and STEM science. Learning is reinforced with activities when possible. Below is a description of the daily themes.

- **Monday** – Reading is Fun (Read along to popular children's books in English every Monday. Read along in Spanish and Haitian Creole every other week)
- **Tuesday** - Exercise is Fun
- **Wednesday** – Healthy Habits are Fun (Nutrition Education)
- **Thursday** – Safety is Fun (Topics include fire, water, personal, internet, and financial safety)
- **Friday** – STEM Science is Fun (NASA-led STEM science projects)

In addition, we encourage children (8 – 12 years old) to participate in a **writing contest** for a chance to have their story turned into an animated video and shown on the last Monday of summer break (August 2)! Additional details can be found on the *Virtual Summer BreakSpot Fun! Camp* website or on last page of the attached summer schedule.

We kindly ask for your help disseminating this resource by posting about *Virtual Summer BreakSpot Fun! Camp* on your social media and distributing the stickers within your network. Attached you'll find the sticker that can be added to any social media page.
