Human

Trafficking...

Human Trafficking is a crime that involves exploiting a person for labor, services, or commercial sex.

Florida shouldn't be on the list.

Yet today, our state is ranked #3 in the nation for reports to the National Human Trafficking Hotline.

Locally, the trafficked individuals served by the Palm Beach County Human Trafficking Task Force have included:

- minors
- adults
- male
- female

Traffickers aren't always male, and we have had female traffickers in our county.

Cases of **online exploitation** and **sexortion** continue to be a growing crime impacting youth locally as well.

Over 20 Years of Impact!

What began as a small working group in 2005 has transformed into a powerful force driving Palm Beach County's fight against human trafficking.

Today, we stand as the county's leading voice for prevention education, empowering communities, and paving the way toward a future free from exploitation.
